REGISTER: WEBINAR ON FEDERAL FUNDING OPPORTUNITIES

Join Main Street America and the Department of Transportation to learn more about application criteria and successful projects from both the RAISE and Reconnecting Communities programs.

HOW TO APP

Applications will be open on a quarterly basis. Submissions for the third quarter are now open and will close September 30, 2024.

Key Submission Deadlines:

- Spring: Applications open Jan - March
- Summer: Applications open April - June
- Fall: Applications open July - Sept.
- Winter: Applications open Oct. - Dec.

Portal will close on the last day of each quarter and reopen for the new quarter on the first of the month.

All Hometown Grant applications will be notified 30-60 days after the end of each quarter on the status of the submission.

[APPLY NOW](#)

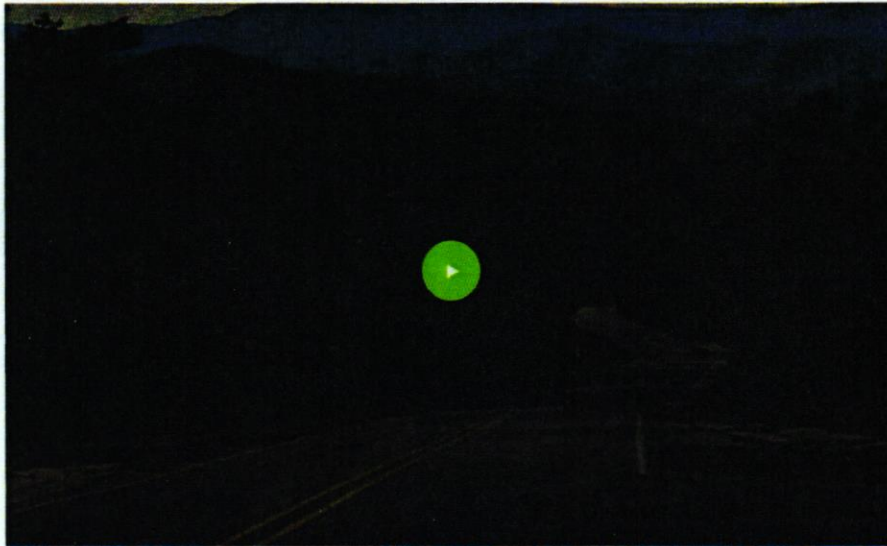

PROGRAM OVERVI

Since the program's start, T-Mobile has given more than \$12 million dollars to kickstart 275 community development projects across 46 states, with projects like upgrading tech at local libraries, building new hiking trails and revitalizing historic buildings. T-Mobile is focusing on revitalizing community spaces in towns with 50,000 people or less, and Main Street programs are encouraged to apply.

Submit a proposal for a town project of your choice, and if selected, use the funds to get started. For example, you could implement tech upgrades at your library, refresh a local park, or break ground on a new place where neighbors can connect.

Who are we?

We are a leading online shop for supplies of an innovative range of roll out **portable Beach** and Ground Reinforcement Access Mats designed for greater accessibility on soft soil for pedestrians, **wheelchair** users, strollers, ATVs and small crafts. Our medium and heavy duty roll out access mats and **boatramps** offer ground stabilization for wheeled vehicles. Our lighter wood-like roll out access surfacing is becoming the on-trend solution for residential beach access surfacing and a quick and **durable grass protection** solution for temporary outdoor events.

Our philosophy

Since 1994, Deschamps Mats Systems Inc. designs, produces and delivers Mobi-mat® accessibility mats and sand fences for cities, national parks, commercial and residential throughout the United States and Canada. Its well-known mats serve the park and recreation accessibility pathway needs, the civil engineering companies for temporary beach access projects and the defense and disaster teams. Mobi-mat® roll out access are recognized as durable, efficient and easy to set-up user-friendly solutions.

Roll out walkway

About this item

Mobi-Mat® AFX RecPath™ is a portable and removable rollout beach access mat for pedestrians, wheelchair users, strollers, bicycles and light all terrain vehicles - available in connectable lengths of 16,5' (5m) to 100' (30m) for ultimate configurability.

The Mobi-mat® walkways work wonderfully over flat sand, dirt and grass surfacing as well as dune inclines.

The Mobi-Mat® walkways provide a firm, safe, cool and stable surface for a wide range of users, including people with disabilities or mobility challenges, the elderly, those using wheelchairs, mobility scooters or strollers and other groups with special access needs.

- The leading brand of beach matting available world-wide

wood-like

- Lab tested, long lasting and made of 100% recycled PET bottles
- Aesthetically attractive color
- Easy installation
- Safe innovative 3-D design that will stay cool in the sun.
- Self-maintaining design, remains on top of the sand at all times
- Cleaning: simply sweep or spray off with a hose or pressure washer
- Simple ground anchoring with spikes through stainless steel eyelets
- Rapid 2 minute setup and pack up time using Mobi-Roll 'N Stow®
- Available from 16,5' (5m) to 100' (30m) interconnecting lengths

Material

- Material: all weather-resistant heavy duty recycled polyester performance, without the maintenance
- 100% recycled and recyclable
- Texture will not harbor germs and bacteria
- Resistant to rot, termites and UV

Installation

Tips to create a Mobi-mat® wood-like walkway. Make sure you have enough room to lay your pathway matting. Place your Mobi-mat® walkway over sand, grass, dirt or gravel to provide a stable walking surface. Wear gloves during installation.

Caution: Before you dig or use ground anchors, check for underground utilities

- Step 1 Lay the matting along the planned path
- Step 2 Stretch the mat before anchoring it down

DESCHAMPS' MOBI-ROLL 'N Stow™ is designed to transport, deploy and recover up to 164' (50) long Mobi-Mat® RecPath™, with or without a vehicle in a few minutes.

Easy Assembly

DESCHAMPS' MOBI-ROLL'N Stow™ is delivered in a kit ready to be assembled.

Robust system

MOBI-ROLL'N Stow™ is made of corrosion resistant material and is therefore particularly suitable for a seafront climate.

Easy manual deployment

MOBI-ROLL'N Stow™ can be pushed and pulled manually to deploy or retrieve a Mobi-Mat® RecPath™ up to 164' long.

Quick towing with vehicle option

MOBI-ROLL'N Stow™ can be fitted with a towing coupling to deploy or retrieve a Mobi-Mat® RecPath™ up to 164' in length with a vehicle equipped with standard towing coupling.

Easy transport and storage

DESCHAMPS' MOBI-ROLL 'N Stow™ is very easy to transport and allows easy storage of the Mobi-Mat® RecPath.

- Storage: space saving roll-up design
- Serviceable design and life expectancy of 10+ years
- Other uses: Mobi-mat roll-up pathways are great for the beach, ocean-front properties, weddings, camping, catering services, shower stall and most outdoor properties. Use as temporary, decorative walkways or as a permanent soil stabilizer solution
- Customized lengths: please contact us info@mobi-mat.com

Beach wheel chair

MobiChair® is a high quality floating beach wheelchair that floats thanks to its wheels and armrests for use on sand and soft surfaces

Mobi-Chair® floating beach wheelchair is the ultimate partner for leisure time and entertainment.

DMS' Mobi-Chair® floating beach wheelchair is designed with everyone in mind: wheelchair users, people with special needs, or even children can benefit from the convenience, portability and comfort of the Mobi-Chair®.

Quick view features:

- Fabric is non-allergenic, water and UV resistant
- Stable and well balanced
- Rubber pneumatic tires absorb shock and discomfort
- Easy to push across soft or hard sand (even better on Mobi-Mat!)
- 3 different seat adjustments
- Folds flat for easy storage (no tools required!)
- Waterproof back pocket
- Seat belt for added safety

- Seat-belt for added safety
- Can be used with a tethered rope for added safety

Durable beach chair

The aluminum frame and stainless steel parts are corrosion free from salt water. The floatable wheels and armrests provide an unprecedented experience due to their stable buoyant design. The Mobi-Chair® Floating Beach Wheelchair is suitable for use at the beach and in swimming pools.

Comfortable and Aesthetic

Deschamps' Mobi-Chair® floating beach wheelchair is physically and visually pleasing due to its quality and appearance. Users are able to recline in a comfortable position while riding, bathing or sitting for extended periods of time. The attractive fabric is non-allergenic, UV resistant, water resistant and ventilated for quick drying.

Maneuverability

Mobi-Chair® Floating Beach Wheelchair provides a comfortable ride. The rubber pneumatic tires absorb the shock and discomfort caused by rugged terrain, and it provides easy mobility through sand and other rough surfaces.

Floatability

The armrests and wheels are comprised of buoyant materials that enable balance while bathing in the water. The integrated handles on the armrests provide added stability while enjoying the ride on land or in the water.

Convenient Transport

Transportation and storage is convenient. Mobi-Chair® **Floating Beach Wheelchair** is quickly assembled or disassembled by operating the quick release pins and joints without tools. It can easily fit into any vehicle.

Availability

Deschamps' Mobi-chair® Floating Beach Wheelchairs are available for purchase directly from Deschamps Mat Systems Inc. All in USA and

from Deschamps Mat Systems Inc, INJ in USA and can also be rented through beach rental companies.

The Mobi-chair® is also available in Canada, Europe, Australia, NZ, Brazil, Argentina, Chili, Korea, Japan, HK, and the Middle East for beach communities, hotels and resorts to improve parks, beach and events' accessibility of individuals of all abilities. Please ask Deschamps Mat Systems Inc. for your nearby Mobi-chair® or Mobi-mat® distributor.

2024/2025 T-Mobile Hometown Grant Application for the County Parks

Lynn Bunting <buntingl@alpenacounty.org>

Mon 8/26/2024 1:41 PM

To: Keri Bertrand <bertrandk@alpenacounty.org>; Kim Ludlow <ludlowk@alpenacounty.org>; Burton Francisco <burtonfrancisco@alpenacounty.org>; Jesse Osmer <osmerj@alpenacounty.org>
Cc: Commissioners Office <commissionersoffice@alpenacounty.org>

📎 1 attachments (6 MB)

08.26.24 POLL Vote Action Item #1 for Finance 09.10.24_001.pdf;

Good Afternoon,

Please see attached that Jesse and I are working on with the parks for the three County Parks. There is a Parks POLL Vote sent out today recommended by the Parks Chair Kevin Osbourne that has passed; there is a deadline to apply for this grant application this month (September).

Please stop down to the Commissioners Office to sign the original Grant Review Form if you approve.

POLL VOTE ACTION ITEM #1: Recommendation to approve the 2024/2025 T-Mobile Grant Application for the County Parks in the total amount of \$50,000 with no County match for one Mobi-Mat for each park (Beaver Lake Park, Long Lake Park, Sunken Lake Park) with one roll up dispenser, and two Mobi-Chairs with two life vests per park, and one storage unit with a padlock for each park. This has been sent for Grant Committee Review approval and approved by POLL Vote by the Parks & Recreation Commission.

This will be presented to the Finance Committee on Tuesday, September 10th for review/approval.

Thank you!

Lynn
