

# **Executive Summary**

## **Prepared for Board of Trustees Meeting**

### **October 25, 2016**

## **Update: Digital Learning Design Project**

---

### **Board Goal:**

**II. Teaching and Learning:** actively pursue, foster and support an advanced digital learning environment

### **Purpose of Report**

- The workshop will update the board on the progress of the Digital Learning Design Project, including the current status of the device rollout and plans moving forward.

### **Objectives**

The Denton Digital Learning Design Team will share the digital learning update

- Professional Development
- Physical rollout of devices
- Teacher Stories about using the Chromebooks
- Changes and improvements to be implemented moving forward

### **Operational Impact**

The Digital Learning Design Team's proposal will include:

- the infusion of technology devices into core classrooms for student use (elementary, middle school, and high school);
- Professional Development Support Plan implemented prior to technology rollout; and,
- Items for further study.

### **Results**

- Supporting and training teachers to impact student learning and putting technology in the hands of each student
- Establish classroom environments that promote critical thinking, collaboration, and creativity among teachers and students.
