

## MEMO

**TO:** Weber School District Board Members: President Paul Widdison, Douglas Hurst, Janis Christensen, Jan Burrell, Bruce Jardine, Kelly Larson, and Wyle Williams. Superintendent Gina Butters

**FROM:** Tana Chipp

**DATE:** April 28, 2025

**SUBJECT:** Requesting Approval for the purchase of a new playground at Washington Terrace Elementary.

---

Washington Terrace Elementary has been raising money for a new playground. We have been fortunate enough to receive a RAMP Grant and a Foundation Grant. We have also been able to raise money through school and PTA fundraisers. This new playground will replace an outdated existing playground in the back of the school.

Tana Chipp and Morgan Wilkins were able to work with and receive letters of support from the Mayor of Riverdale, Mayor of Washington Terrace, members of the PTA, community council and parent community members. Through this support we were able to receive RAMP Grant approval.

The cost breakdown for the playground includes:

General construction and site prep & surfacing - removal & disposal of existing playground structure & footings, excavation, sand removal, grading, leveling, compacting, & Engineered Wood Fiber Safety Surfacing, Covered by Weber School District Maintenance Department

New playground (\$122,820.00) - Big T Recreation - state contract pricing quote # 19231

Funding Sources: Washington Terrace Elementary fundraised \$19,000.00 + Weber School Foundation gave \$5,000 = \$24,000.00, RAMP Grant (\$98,821)

New playground \$122,820.00

President Widdison, I am requesting board approval for the purchase of a new playground for Washington Terrace Elementary.

Respectfully,  
Tana Chipp
