

Thorne Bay School Principal's Board Report
November 2016

Starting off we want to wish our Volleyball team good luck at regionals in Angoon, they will be leaving Wednesday. Wrestlers will be heading to Wrangell this weekend and then heading off to regionals Good Luck!

Our Middle school Boys and Girls basketball teams just completed their season and learned a lot and had some great games!

We wanted to thank the board for our new carpeting! It is beautiful and it sure beats the duct tape that was holding our old carpeting together. :) The foyer in the gym, the main entrances and elementary halls are complete and during the Christmas break they will complete the project, thanks again for helping us keep our school safe and beautiful with this new carpet addition.

We want to thank our students and staff for their generosity and providing food to fill our thanksgiving baskets for those in need! Each class competed against each other to bring in the most canned food, the winning class was Miss Sheila's Second and Third grade class. The baskets were put together and delivered by our student council and staff. Thanks everyone for working hard and helping those in need!

Our Design and fabrications class have received their materials to build their boat! We invite you to come in and see the engineering, production and plans they have for this boat. It has been great to see this project from the ground up. Check out the progress of this boat on the Thorne Bay School facebook page.

We will be hosting the Annual Thorne Bay Community Christmas Program and Dinner in our gym on December 14th at 6:00 p.m. Each of the classes are preparing a special number for this event. We are excited to help with this celebration for our community and feel it is a way we can all feel a bit of the holiday season together. Thanks to all those who help to put this on.
