(LOCAL) Policy Comparison Packet

Each marked-up (LOCAL) policy in this collection reflects an automated comparison of the updated policy with its precursor, as found in the TASB Policy Service records.

The comparison is generated by an automated process that shows changes as follows.

- *Deletions* are shown in a red strike-through font: ~~deleted text~~.
- *Additions* are shown in a blue, bold font: **new text**.
- Blocks of text that have been *moved* without alteration are shown in green, with double underline and double strike-through formatting to distinguish the text's destination from its origin: ~~moved text~~ becomes moved text.
- *Revision bars* appear in the right margin, as above.

While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow.

For further assistance in understanding changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

19 TAC 247.2

The District shall provide a wide range of instructional resources for students and faculty that present varying levels of difficulty, diversity of appeal, and a variety of points of view. Although trained professional staff are afforded the freedom to select instructional resources for their use in accordance with this policy and the state-mandated curriculum, the ultimate authority for determining and approving the curriculum and instructional program of the District lies with the Board.

OBJECTIVES

In this policy, "instructional resources" refers to textbooks, library acquisitions, supplemental materials for classroom use, and any other **instructional** materials, including electronic resources, used for formal or informal teaching and learning purposes. The primary objectives of instructional resources are to deliver, support, enrich, and assist in implementing the District's educational program. [See EFAA for **the** selection and adoption **process** of state-adopted **instructional materials.**]~~textbooks~~

The Board shall rely on District professional staff to select and acquire instructional resources that:

1. Enrich and support the curriculum, taking into consideration students' varied interests, abilities, learning styles, and maturity levels.
2. Stimulate growth in factual knowledge, enjoyment of reading, literary appreciation, aesthetic values, and cultural, ethical, and societal standards.
3. Present various sides of controversial issues so that students have an opportunity to develop, under guidance, skills in critical analysis and in making informed judgments in their daily lives.
4. Represent many ethnic, religious, and cultural groups and their contributions to the national heritage and world community.
5. Provide a wide range of background information that will enable students to make intelligent judgments in their daily lives.
6. Place principle above personal opinions and reason above prejudice in the selection of materials of the highest quality.

SELECTION CRITERIA

In the selection of instructional resources ~~other than textbooks~~, especially library acquisitions and supplemental materials for classroom use, professional staff shall ensure that materials:

1. Support and are consistent with the general educational goals of the state and District and the aims and objectives of indi-

3. Are appropriate for the subject and for the age, ability level, learning styles, and social and emotional development of the students for whom they are selected.
4. Are designed to provide information that will motivate students to examine their own attitudes and behavior, to understand their rights, duties, and responsibilities as citizens, and to make informed judgments in their daily lives.

A "library material" is any item purchased under the selection policy for the exclusive use of its library users. This may include print, ~~audiovisual~~ audio-visual, and electronic media such as books, magazines, digital cameras, laptops, ~~and the like~~ etc.

Recommendations for library acquisitions shall involve administrators, teachers, other District personnel, and community representatives, as appropriate. Gifts of instructional resources shall be evaluated according to these criteria and accepted or rejected accordingly. [See EFA(EXHIBIT)-C]

Selection of materials is an ongoing process that includes the removal of resources no longer appropriate and the periodic replacement or repair of materials still of educational value.

CONTROVERSIAL
ISSUES

The selection of library acquisitions on controversial issues shall endeavor to maintain a balanced collection representing various views. Library materials shall be chosen to clarify historical and contemporary forces by presenting and analyzing intergroup tension and conflict objectively, placing emphasis on recognizing and understanding social and economic problems. [See also EMB regarding instruction about controversial issues and EHAA regarding human sexuality instruction.]]

CHALLENGED
MATERIALS

A parent of a District student, any employee, or any District resident may formally challenge an instructional resource used in the District's educational program on the basis of appropriateness.

INFORMAL
RECONSIDERATION

The school receiving a complaint about the appropriateness of an instructional resource shall try to resolve the matter informally using the following procedure::

1. The principal or ~~designee~~ other knowledgeable professional staff shall explain the school's selection process, the criteria

for selection, and the qualifications of the professional staff who selected the questioned material.

2. The principal or **designee** ~~other knowledgeable professional staff~~ shall explain the role the questioned material plays in the educational program, its intended educational usefulness, and any additional information regarding its use.
3. If appropriate, the principal **or designee** may offer a concerned parent **other instructional material** ~~another resource~~ to be used by that parent's child in place of the challenged material.
4. If the complainant wishes to make a formal challenge, the principal **or designee** shall provide the complainant a copy of this policy and a Request for Reconsideration of Instructional Materials form [see EFA(EXHIBIT)].

FORMAL
RECONSIDERATION

All formal objections to instructional resources shall be made on the Request for Reconsideration of Instructional Materials form. The form shall be completed and signed by the complainant and submitted to the principal or designee. Upon receipt of the request, the principal shall appoint a reconsideration committee.

The reconsideration committee shall include at least one member of the instructional staff who either has experience teaching the challenged material or is familiar with the challenged material. Other members of the committee may include District-level staff, library staff, secondary-level students, parents, and others deemed appropriate by the principal.

All members of the committee shall review the challenged material in its entirety. As soon as reasonably possible, the committee shall meet and determine whether the challenged material conforms to the principles of selection set out in this policy. The committee shall then prepare a written report. Copies of the report shall be provided to the principal, the Superintendent or designee, and the complainant.

APPEAL

The complainant may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at **the appropriate administrator. [See DGBA, FNG, and GF] Level Two.** The appeal shall contain **documentation a copy of the informal reconsideration process, if any, the Request for Reconsideration of Instructional Materials form** ~~original complaint~~, the reconsideration committee's report, and dates of conferences with the principal or designee.

GUIDING
PRINCIPLES

The following principles shall guide the Board and staff in responding to challenges of instructional resources:

1. **A complainant**~~A parent of a District student, any employee, or any District resident~~ may raise an objection to an instructional resource used in a school's educational program, despite the fact that the professional staff selecting the resources were qualified to make the selection, followed the proper procedure, and adhered to the objectives and criteria for instructional resources set out in this policy.
2. A parent's ability to exercise control over reading, listening, or viewing matter extends only to his or her own children.
3. When instructional resources are challenged, the principles of the freedom to read, listen, and view must be defended as well.
4. Access to challenged material shall not be restricted during the reconsideration process.

The major criterion for the final decision on challenged materials is the appropriateness of the material for its intended educational use. No challenged library material shall be removed solely because of the ideas expressed therein.

UPDATE 93 PROPOSED REVISIONS

(See *Note* on last page)

Students shall be assigned to schools in the attendance areas in which they reside.

CLASS CHANGES

The campus principal shall be authorized to investigate and approve transfers of students from one classroom to another on that campus.

CAMPUS ASSIGNMENTS

A parent of a student who wishes to attend a school other than as assigned shall obtain prior approval from the Superintendent or designee. Exceptions shall be considered as follows:

1. A curriculum transfer may be allowed if a course or courses are not offered in the school in the student's attendance zone. Upon completion of the course or courses, the student shall return to his or her home campus. Assignment shall be made on the basis of space available in a particular course and with consideration of all issues involved.
2. Transfers may be designed to balance student loads by relieving overcrowding in a particular school. The Superintendent may assign any student from one school facility or classroom within the District to another facility or classroom within the District.
3. An administratively initiated transfer may be used to address special situations involving students. Sufficient documentation to substantiate the severity of the situation is required.
4. Current full-time employees may request that their children be transferred to the school where the parent works or to the campus in closest proximity to his or her employment site. Such requests shall be approved provided that space is available. If space is not available, then the next nearest campus shall be considered.

A transfer is granted through the highest grade at a school as long as space remains available or until a transfer is revoked. A full-time employee's student who remains in good academic, attendance and disciplinary standing shall be allowed to transfer to the middle school and/or high school feeder that pertains to his or her currently enrolled school. However, this transfer benefit shall become void if the employee is terminated, and the student shall be returned to his or her designated home campus.
