Independent of the current Junior Agricultural Mechanics Show, this exciting new competition will test the craftsmanship and salesmanship skills of students across the state. The contest will primarily be focused on a sales presentation given by a team of 2-4 students to a panel of judges, as well as a written exam and the development of marketing material. Every project, which can be constructed by any member(s) of the club/chapter entered will be “for sale” to the general public. Top placing teams in the competition will see their project auctioned off at a live auction on Sunday, February 26th.
