One thing I would like to change about CCS is...

10 responses

unsure

A more competitive salary/salary schedule. I know this is actively being worked on/addressed and I'm looking forward the changes.

Increased use of emerging technology

That there wouldn't be any negativity between programs as it has sometimes felt that there is a chasm there due to differences in how we operate and maybe not having an appreciation or understanding for those differences.

the salary scale

Continued positive connection between the two programs--seat based and online

I wouldn't

The only thing I can think of is the pay seems low compared to the other district that I worked at.

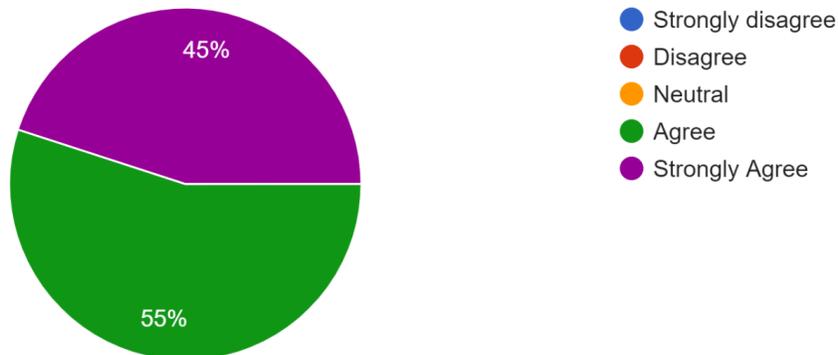

Stronger administrative structure

Nothing about online at this time.

12.

CCS makes consistent decisions to uphold and support our mission of: "Growing environmentally literate, community impacting learners of excellence."
