Re: Change Order for HS Field Houses

I would like to request adding the HS Field House change order as an agenda item to the January 21, 2025 Committee of the Whole Special Meeting. As you recall Bareman and Associates was awarded the contract for Churchill, Franklin, and Stevenson High Schools Field House renovation project. Changes in the project necessitated an additional cost. The batting cages were originally for a single player and we would like to update to a two player batting/practice cage.

The cost for each single player batting/practice cage was \$16,600 and we are asking for an additional \$9,575 per high school for a total added cost to be \$28,725 for this project. This project will continue to be funded via the Capital Projects Fund. The total cost for all three High School Field House renovations was \$333,300, and with the updated batting/practice cages the total is \$362,025.

Please add this as an agenda item for the January 21, 2025, Committee of the Whole Special Meeting.
