Background Information

A summary of the Transition Plan to Return to School, which calls for a tentative return to school in January for all students, is included as an attachment.

Over the past several weeks, this transition plan has been updated on multiple occasions. Option 1 of the timeline in the attached plan was posted on Boardbook on December 16th. The issuance of the updated version of the State's Safe Learning Plan complicated decision-making, especially because of conflicting messages from the State, different and changing interpretations of expectations, and the complicated nature of COVID.
