Subject: Board Policy JLB – Class Gifts to Schools

Last written in 1988, Policy JLB was reviewed during the Study Session of May 6, 2019. After discussion there was consensus that the first paragraph was too obscure and that it should be eliminated. It was also suggested that the second paragraph needed language rejuvenation and clarity in its meaning. Those suggestions are reflected in the revised policy.

Please include Policy JLB Revision on the agenda for the Committee of the Whole meeting of May 13, 2019.
