

April 1st, 2014

TO: The District 97 Board of Education
FROM: The Beye School PTO

It is with great pleasure and pride that we are presenting the gift of an outdoor classroom for Beye School. In the space formerly known as "the little kids playground" we will soon have places for children to gather, learn, perform, sit and play. The PTO worked with the faculty and the wider school community to plan this space and we believe it will complement and complete the playground work already done. Please see the attached schematic for details about what's going in and where it's going. The total cost of this project will be \$54,689, all funded by the PTO.

We present it to you as a gift for your acceptance and trust that the Beye School community will use and enjoy it for many, many years to come.

Sincerely,

The Beye School PTO Executive Board
Angela Bryant & Therese Jurgus- Co-Presidents
Jonathan Ellwanger, Principal
