

**Master Facilities Plan Public Hearing  
February 22, 2018 – 5 p.m.**

Every two years, school districts in Arkansas are required to submit an updated Master Facilities Plan to the Arkansas Division of Public School Academic Facilities and Transportation. Part of this process is the district is required to hold a public hearing to receive and record comments from the public about proposed projects. These comments will be shared with the school board when the Master Facilities Plan is presented for approval at the February 26 meeting.

Below are projects currently listed in the Fort Smith Public Schools Master Facilities Plan. The district is not obligated to complete these projects. Additionally, these projects have not been approved by the school board and funds have not been committed to these projects.

| Facility              | Project(s)  | Cost         |
|-----------------------|---|--------------|
| Southside High School | Addition & Renovation                                     | \$18,285,189 |
| Southside High School | Classroom Addition  | \$8,308,780  |
| Southside High School | Competition Gymnasium                                     | \$15,579,547 |
| Southside High School | Tornado Shelters (2)                                      | \$3,200,000  |
| Northside High School | Classroom Addition  | \$10,655,414 |
| Northside High School | Competition Gym   | \$13,499,472 |
| Northside High School | Tornado Shelters (2)                                      | \$3,200,000  |
| Northside High School | Parking Lot   | \$1,787,240  |
| New Facility          | Career & Technology Center                                | \$13,724,046 |
| Darby Junior High     | Renovation  | \$9,664,990  |
| Kimmons Junior High   | Addition & Renovation                                     | \$8,300,000  |
