**Subject:** Re: Magazine DLP Waiver Request

I am confirming the statements below that Magazine School District needs this waiver for the said reason.

The Magazine School district is requesting the Recess Waiver. Recess will be a part of every virtual students' daily schedule. Students will be assigned lessons that support physical activities while learning asynchronously; however, it will not include synchronous supervision. Student schedules will include suggested breaks to ensure students have time in their day for physical activity. Physical activity and nutrition standards will also be embedded in the curriculum of classes as is appropriate. Required health screenings will be scheduled and conducted at the school .

Good evening Ms. Shumate,

Our legal team is reviewing waiver requests for Act 1240 Digital Learning to prepare for the State Board meeting on June 28<sup>th</sup>. In reviewing your application, the waiver for recess has not been requested. The included explanation does not provide evidence of monitoring for the 40 minutes of daily physical activity, so the waiver will be needed. Please reply all to this email confirming the statement below:

Recess Waiver: Magazine School District requests the recess waiver. We cannot monitor the 40 minutes of daily activity.

Please confirm by responding to this email. This email will be attached to the board agenda with your application as documentation of your request to add the waiver.

If you have any questions, please contact us.
