I believe a later start time will have a positive impact on the overall well-being of students and staff.

177 responses

A later start time is likely to improve student engagement in the classroom.

177 responses

I anticipate that a later start time will lead to better academic performance among students.

177 responses

The proposed adjustment may positively affect student-teacher relationships.

177 responses

I am concerned that the adjustment could cause disruptions to my personal schedule.

177 responses

I think a later start time may reduce student tardiness and absenteeism.

177 responses

Students are the most tired during their first class:

177 responses

A later start time will likely contribute to better mental and physical health for students.

177 responses

The adjustment to a later start time may positively impact my own job satisfaction.
