

Superintendent Comments
Board Workshop
December 8, 2025

1. Truth in Taxation Process

The Truth in Taxation meeting will be held at 6:00 p.m. on Dec. 15th. The TNT meeting is the opportunity for the public to ask questions that relate to the school district portion of their property tax statements. This discussion dovetails with the final levy.

2. Budget Review

This will be a short update on factors that go into the budget revision that will be presented to the board in January. The final budget is important as it is the beginning point for developing the FY27 budget.

3. Review Final Levy

As mentioned above, this will dovetail with the TNT discussion. The final levy is the same as the preliminary levy passed in Sept.

4. FY25 Audit Presentation Preview

We will not get into a lot of detail on this item. It is more about what to expect when the auditors present the audit on Dec. 15th. The auditor will review the fund balances in the different funds as well as go over any findings from the audit.

5. Supt. Mid-Year Evaluation

Per earlier discussions, the intent is to have a mid-year discussion on the progress the superintendent is making in the agreed upon areas.

6. Review Organizational Meeting

The School Board reorganizational meeting for 2026 will be held on Jan. 5th. It is not appropriate to make any decisions related to that meeting at this time. This will be a reminder of what the process is and the items that are to be decided.
