

COPPELL
INDEPENDENT SCHOOL DISTRICT
Empowering Educational Excellence

Board Action Required

No Action Required

Approval of EIF Resolution

House Bill 463 provided a means for learners who entered grade 9 before the 2011-2012 SY who met the requirements of Education Code 28.02541 (a) [see EIF LEGAL] to have the opportunity to be awarded a high school diploma if a local graduation committee determined that the individual demonstrated proficiency in a content area(s) related to an assessment(s) on which the individual did not perform satisfactorily.

The EIF Resolution, if approved by the Coppell ISD Board of Trustees, will allow our district to meet the requirements of the law.

Sincerely,
Debbie Youngs
