

Minidoka County School District

Calendar Change Recommendation

October 15, 2018

Last year the Calendar Committee discussed the fact that since there are four scheduled early release days this year we could have two for AM kindergarten and two for PM. However the difficulties this presents to parents in changing day care options and staff in getting the word out outweighs any educational benefit.

After consulting with our Elementary Principals and at the suggestion of our kindergarten and preschool teachers I am recommending that we cancel both kindergarten and preschool classes on early release days. I have contacted Andrea Schaeffer and she has indicated that we do have sufficient class time to make this change.

I am recommending the Board cancel kindergarten and preschool classes on the following dates:

October 18, 2018

December 20, 2018

January 11, 2019

May 30, 2019
