1. Understanding and respect for individual rights, dignity and safety of all individuals;
2. Understanding and respect for the law, district policies, procedures, rules and regulations;
3. Understanding of and respect for public and private property rights.

The Board seeks to assure a school climate which is appropriate for learning and which assures the safety and welfare of personnel and students. The Superintendent will develop ~~rules, procedures and standards~~ administrative regulations whereby those students who ~~are~~ disruptive of the educational setting or who endanger the safety of others will ~~receive~~ be offered corrective counseling and ~~or~~ be subject to disciplinary sanctions that are age appropriate, and to the extent practicable, that use approaches that are shown through research to be effective.

The district shall enforce consistently, ~~and fairly~~ and without bias all student conduct ~~rules, procedures and standards,~~ policies, administrative regulations and school rules.

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended. ~~or expelled in accordance with administrative procedures and rules established by the superintendent.~~ Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective; or c) when required by law or when in conflict with district policies, rules and regulations. ~~Such rules and procedures~~ The district will ensure careful consideration of the rights and needs of the individual concerned, as well as the best interests of other students and the school program as a whole.

Parents, students and employees shall be notified by handbook, code of conduct or other document of acceptable behavior, behavior subject to discipline and the procedures to address behavior and the consequences of that behavior.
