

The Districtwide Student Improvement Council (DSIC) met on Wednesday, November 9, 2022. Part of the agenda included information on what a District of Innovation is, is not, and possible impacts for Lamar CISD students and staff if we became a District of Innovation. After discussion, a majority of the committee approved to initiate consideration of designation as a District of Innovation as provided by TEC 12A.001©(2)

Attached is the signature page of all attendees present for the DSIC meeting.
