Energy Conservation Measures Workshop

Board Goal: Growth, Change, & Fiscal Responsibility. In pursuit of excellence, the district will:

- Be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures
- Demonstrate effective and efficient management of district resources.

Purpose of Report: To provide the Board with information concerning natural resource conservation measures and utility cost savings. Answer any questions pertaining to this workshop.

Objectives:

- Provide safe and efficient facilities for students and staff
- Conserve water which is becoming one of our most precious natural resources

Operational Impact:

- Avoid classroom interruption by being proactive in keeping up with the maintenance needs of our facilities

Results: The savings from these measures will hopefully help us avoid large increases to the utility budget.
