

Another family engagement event!

Donuts with grown ups will be held before school on Friday, May 8th. It is the 4th family engagement event this year and we are excited for many to attend!

Illinois Principals' Association Award winners!

Congrats to our 2 Illinois Principal Association Leadership Award winners Kenzleigh Sandlin and Enrique Santillanes Garcia. They were chosen from all the boys and girls in 5th grade as great examples of character, achievement, and leadership. We are so proud of them!!!

Madison Music Madness!

Our annual music program was held on April 30th. The show included performances by our Madison 5th grade choir, the beginning band, and all our general music classes. Students had a great deal of choice about what they wanted to showcase and the audience was treated to a wide variety of singing, playing of instruments, and other creative performances. Congratulations to Mr. and Mrs. Hansen on another great show highlighting their incredible progress!

Fellowship of Christian Athletes (FCA) starts at Madison School

Our first meeting of the newly formed FCA chapter met before school in Mrs. Bork's room on April 21st. Several of our staff have volunteered to help and 40 students came to the first meeting. Two more meetings are scheduled in the month of May. We are grateful for this opportunity for our students!

Another great Ag Day trip for our 5th graders!

Ag Day was held for all the area school 5th graders on April 24th. Students learned a great deal about agriculture and related careers. We are grateful our students get this opportunity through the hard work of all the volunteers related to Lee County 4H and the Illinois Extension Office!

Great day of outdoor learning for our 4th grade students!

On May 6th and 7th, 4th grade students attended a field trip at the Byron Forest Preserve. We secured a grant paying for the transportation, so this trip came at no cost to the district or our PTO. It was a bit chilly, but fun and learning were still had by all!
