2014-2015 **Special Education Report**

April 2016

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the tenth annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education. As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This report is not meant to tell you everything about your district, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Salam A Noor, Ph.D., Deputy Superintendent of Public Instruction

DISTRICT INFORMATION

| Students Graduating 2013-2014 | District | State Target | Least Restrictive Environment District State Target | | | | | |
