The \$47,000 is for the *main* parking lot, only.

The cost for all three parking lots totaled \$67,500. That is a tad beyond our budget so we opted to work on the front parking lot.

Dear Principal Watts,

The Wesley Group wants to dedicate all of these donations in honor of one of one of the founding members, Buzz Hurt. We request any acknowledgement of these donations includes Buzz's name.

1. Seal-coating & striping main parking lot by Danny's Paving.  
now scheduled on/about Labor Day weekend or as soon as possible.  
\$47,000.00
2. Placement of at least nine caliche boulders under the shade of the six pine trees in front of school. These boulders will be 20" to 24" in height to be used for seating areas for students. The boulders will be extracted from caliche pits located on Ratliff Ranch. The work will be conducted under the supervision of Ratliff Ranch Property Manager, Carlos Mancha. The project will be done on a weekend, very soon.

The diameter of each boulder will vary.

Approx \$3,000 per boulder = \$27,000

The third project is the construction of a covered walkway inside the school's courtyard. That estimate is yet-to-come from Mueller Metal Building Construction and from architect, Cruz Castillo. Stay tuned for that.

I hope this information is helpful.

Hello,

Yesterday I met Betsy, Gary, and Michael with Danny's paving. Betsy stated that the Wesley Group is requesting that the parking lot be seal coated to fill in the cracks and the potholes and improve the overall appearance before the striping, painting poles, labeling parking spaces etc. The tentative date for work is scheduled for Labor Day weekend.

We then met with Cruz Castillo, architect for JSA Architecture. He stated that they will have a 3D Drawing of the plans for the covered walkway and canopy area to be installed in the Wilson and Young courtyard. I shared that the board would need to approve of the change to the structure. Mr. Castillo stated that he can have the drawings prepared by next week. What would be the process for moving forward for board approval.

Thank you,  
Megan Watts
