

## SOUTH SAN ANTONIO INDEPENDENT SCHOOL DISTRICT

### Agenda Item Summary

Meeting Date: March 16, 2026

Agenda Section: Consent

Agenda Item Title: Mind Education (ST Math)

From: Dr. Gutierrez, Deputy Superintendent

Additional Presenters if Applicable: Diana Palacios, Early Childhood Director

Description: ST Math is the only supplemental program built on the science of how the brain learns—inviting students to explore, make sense of, and build lasting confidence in math through visual problem solving. The program contains over 35,000 interactive opportunities to introduce concepts visually, allowing students to "see" the math before numbers and symbols are introduced.

ST Math is used as a supplemental, blended learning tool to boost student achievement and improve attitudes toward math. Aligned to state standards (TEKS), the program adjusts based on student performance, giving additional practice or advancing when students demonstrate mastery.

Historical Data: Currently, SSAISD is in need of a supplemental math program for grades K-1. This resource would provide a much needed math resource for some of our youngest learners.

Recommendation: The SSAISD administration strongly recommends that the Board of Managers approve the Mind Education (ST Math) subscription from now until May 2027. This supplemental math resource is an essential support for providing rigorous, TEKS-aligned instruction.

Purchasing Director and Approval Date: Victoria Cantu, March 16, 2026

Funding Budget Code and Amount: \$36,000 Lift Laso Grant

Goals:

1: SSAISD will increase academic achievement for all students and thus close the gap between student populations in pursuit of advanced performance and post-secondary educational or career paths.
