Re: Discipline Improvement Plan

Joliet Township High School (JTHS) was identified as being in the Top 20% of exclusionary discipline in the state during the 2024-2025 school year. Specifically, JTHS was identified as being in the top 20% for the use of out of school suspensions and racial disproportionality rate during the 2024-2025 school year. JTHS was not found to be in the top 20% for expulsion rate during last three school years. School districts and state authorized charter schools that are identified in the Top 20% for any of the metrics at any time in the previous three years are required to submit a plan identifying the strategies the school district will implement to reduce the use of exclusionary disciplinary practices and/or racial disproportionality.

Attached is the Joliet Township High School Discipline Improvement Plan that is based off the Student Support Services Presentation shared with the Board in July 2025. This document along with the attached presentation will be submitted to ISBE upon Board approval. The district plan must be submitted to ISBE prior to February 1, 2026 and must also be placed on the district website.
