BACKGROUND INFORMATION:

The Healthy, Hunger-Free Kids Act of 2010 expands the scope of local school wellness policies; brings in additional stakeholders in its development, implementation and review; and requires public updates on the content and implementation of wellness policies. The intent is to strengthen local school wellness policies so they become useful tools in evaluating, establishing, and maintaining healthy school environments, and to make clear to the public about the content and implementation of local school wellness policies. Board Policy CO (LEGAL) Food Services Management was presented to the BISD Board of Trustees and upon approval, was issued on 12/11/14. To further clarify this policy, the School Health Advisory Council (SHAC) created the *District School Wellness Plan* to complement CO (LEGAL). Attached is that document for your review and approval.
