Jeff Gibson, Trustee  
Rick Stimpson, Trustee

Tammy Stevenson, Vice Chair  
Mary Andersen, Trustee

## Administration

Dr. Kenneth Cox, Superintendent  
Kerri Tibbitts, Board Clerk  
Michelle DeLuna, Business Manager

Dr. Cox and School Board Members;

I would like to seek approval from the board for the following community outreach plans:

The Total Learning Center would like to select a student to receive an "Extreme Bedroom" make-over. The student selected will be one who the staff determines has a need, and is working on self-improvement in the program offered at the TLC. We would ask various businesses if they would be interested in volunteering supplies and labor to redecorate a bedroom.

We would also like to host a breakfast at the beginning of the year, a lunch towards the second trimester, and a barbecue at the end of the school year, and invite parents to join our school in activities, parent career sharing, games, prizes, and interaction with our school. We would like to see if local businesses would like to donate food for those events as well.

We feel a need to improve relationships with families and the community. I understand if there are businesses that would prefer not to donate, or are unable to do so. I would like to extend the opportunity to anyone who is interested.

Thank you for your consideration of this matter.

Dyann Blood  
Principal, TLC
