The Bloomfield Board of Education shall permit curricular exemptions as required by law. Specifically, upon the written request of a parent or guardian received by the school district prior to planned instruction in the areas set forth below, the Board shall permit curricular exemptions for instruction in the following areas:

Substance Abuse Education

Substance abuse education is required by state statutes for all students annually and students are not exempt.

Religious

If the religious belief and/or teachings of a student or his/her parents or guardian are contrary to the content of a school subject, or to any part of a school activity, the student may be exempt from participation. To receive such an exemption, the parent or guardian must present a written request for exemption to the Principal stating the conflict involved. In the event of religious exemption, an alternate assignment will be provided.

Medical

If a student is unable to participate in a physical education class, he/she must present to the Principal or designee a statement from a physician stating the reason for his/her inability to participate.

HIV/AIDS Instruction

Currently there is no cure for those infected with AIDS, but the Board of Education believes that education is the best way to prevent the spread of AIDS. By learning the facts about AIDS, students will be able to make decisions that will keep them healthy and perhaps save their lives.

A student will be exempted from instruction on Acquired Immune Deficiency Syndrome (AIDS) upon receipt of a written request for exemption from his/her parent or guardian.

"HIV/AIDS Instruction" is defined as ongoing and systematic instruction on Acquired Immune Deficiency Syndrome (AIDS) offered by the District pursuant to state law.
