

Board Report for February 8, 2016

Maintenance:

I have started interviewing for a custodian for the Elementary. Brianda Garcia had resigned. Hopefully by the board meeting I will have decided on someone. We are starting to catch up on work orders. Yea!!! We have been working on some things that we haven't been able to get to.

Transportation:

So far, everything is running good. We have a few problems here and there, but we were able to fix them and stay running. This has allowed us to be able to concentrate on smaller things that need fixing on the buses, like-seats, leaks and etc.

Things seem to be going good right now.
