Positive Impact and Additional Classrooms at Fruitdale
All Day/Every day Kindergarten

Numbers are lower this year. Parents are telling us it's due to unavailable housing. Class sizes are perfect. There are a couple kindergarten students that are having a difficult time adjusting to a full day of school. Teachers have scheduled academics in the morning with the PE and play time in the afternoon to make the transition easier on the kids.

3. Changes and Up Grades to Technology
 - a. New Chromebooks and Carts
 - b. Wireless
 - c. Parent Survey
 - d. Ideas???

PTO has purchased another cart and 45 new chrome books with the money they earned from last year's jog-a-thon. We also purchased 20 chrome books and a cart through Title 1. We will have chrome books and cart for every pod. All chrome books should be set up and in the school by the end of next week. (October16)

Our entire school is now wireless!

We offered parents an online technology survey. Unfortunately only 3 people responded. They were told by using the newsletter and was on our school website.

PTO has asked what technology our teachers would be interested in. The teacher ideas are...

Education Minecraft

Google Play App

Kahoot

Clickers for teachers that do not have them

A mouse for chrome books for kindergarten to use
