Facilities Survey

The representatives from DLA Architects will be present during this portion of the meeting to answer any questions you may have on the binder of information you received November 22.

Board Self Evaluation & Recognition

The District has tentatively scheduled a Board self-evaluation workshop with the Illinois Association of School Boards (IASB) on Monday, March 14 from 6 p.m. to 8:30 p.m. This workshop will be a closed session under the rules provided by the Illinois School Code. Please make sure to mark your calendars and if there is a conflict, I will need to know as soon as possible.

2022 also marks the time in which the Board of Education must re-submit consideration for recognition for School Board Governance under the IASB. Typically, the deadline is the beginning of August, but it never hurts to prepare early! I have attached some documents to help the Board understand what will be asked and will work with Mr. Boebel to ensure that it is submitted in plenty of time before the deadline.

Superintendent Goals Midterm Report

I will make a brief presentation on the progress toward my goals with the attached presentation. Should you have any questions, please feel free to ask at any time.

Return to Learn

During the meeting, I will brief the Board on the following topics:

- An overview of the new guidance from the CDC, IDPH, and the ISBE;
- Updated attendance figures from the past week;
- NorthShore Clinical Lab update;
- Other topics related to the District's pandemic response.

I will also be happy to answer any questions you may have that I did not address.
