

BUILDINGS/GROUNDS & TRANSPORTATION REPORT

Date: December 19, 2022
To: Board of Education
From: Jeff Stauder

BUILDINGS/GROUNDS

Facilities Committee

The Facilities Committee did not meet. The next meeting is January 4th at 5:30 PM in the Unit Office Boardroom.

School Update

We had our 2nd monthly meeting on the 14th of December. Everything is still on schedule. They are half way done with the aggregate piers and are hoping to be done in less than 2 weeks, depending on the weather. As soon as they finish up they will start pouring footings. The storm drainage should be started by the end of December along with the sanitary line. The water tap is scheduled for December 22nd. The precast sample are here and will be stained soon so that we can decide on a color.

HLS Inspections Jan 10th

The ROE and the Fire Marshal will be doing our inspections January 10th. Everything should go good as we only had a few violations last year.

Transportation

Our new Activity bus has arrived and is in use. The lift bus is expected to be here in January. I mentioned last month that I would be presenting bids for four new leased buses, but I will not be looking at this until next year.
