2016 Youth Leadership Institute (YLI)

Youth Leadership Institute (YLI) 2016 will bring young people together from across the state to develop and practice their leadership skills, and inspire them to create positive change in their districts and communities. Past participants have been inspired to become leaders in their school, community, and school boards. At this year's YLI, students will connect with peers from across the state and participate in roundtable conversations with their districts' board members at the AASB Annual Conference. Topics include, effective communication, team building, storytelling, leadership through games, using social media and digital storytelling for change, and more!

We have an exciting and diverse group of presenters this year, who will empower students to put their leadership skills into practice. As one student who attended a recent Institute noted, *"I didn't know that I was going to be able to learn so much in such a little amount of time. I definitely can leave YLI knowing how to be a strong and confident leader."*

The Institute is designed specifically for student school board representatives and students who have never attended leadership training. We strongly encourage districts to send students who have not attended the Youth Leadership Institute in the past.
