**PHS Happenings:**

As of 1/31 we will be fully staffed at PHS for the first time in 4 years!

In addition to the Teacher Pathway program we are working with OKAW to make our Co-op classes more relevant to future student careers. We are looking to pair an instructional class with the appropriate employment, i.e. a welding student with employment putting those skills into practice. It will allow students to earn certifications in areas of interest. As part of the program we will be hosting an informational meeting for employers and the trade unions to inform them of the new program.

Semester 1 grades are final. Transcripts have been updated to reflect student progress toward graduation. The transcripts are being reviewed to ensure successful completion of high school. Credit recovery is also being offered and recommended to the appropriate students.

The scheduling process for next year is in the early phases. A tentative Master Schedule is prepared. Ms. Tackett has visited all Enrichment classes to review 4 year plans. Ms. Tackett will begin meeting with every student in February to present options and assist with course selection.
