Public display of affection	
Off campus violation	
Tardies	
Possession of alcohol/drugs	
Bullying	

Principal's General Narrative:

The PITSCO Synergy Lab is being used by Mrs. Hibbitts and Mrs. Graham to enrich Jr. High students' science and math skills. Reading, language arts (vocabulary, writing, and listening skills), and history courses are also benefited by the use of the lab.

Attendance has been good with some absences due to health, extra-curricular activities, and family matters.

The Healthy Emerging Attitudes and Relationships for Tomorrow or

H.E.A.R.T. Program began on Friday, 2/4/2011 for 8th grade students. Boys and girls who turned in signed permission slips are meeting in separate gender groups with counselors who are using a 10 week program curriculum known as Safe Dates. Jr. High students meet one day a week during 8th period and absence from class is treated like extra-curricular absences as far as class work the students have.

Secondary teachers met to come up with a vision statement that will be presented to the school board to help develop a district vision/mission statement.

English Language Arts / Reading teachers have been working on meeting requirements to satisfy TELPAS duties for LEP student testing and evaluation purposes. All staff have undergone and will be undergoing further required TAKS Testing training.

Teachers and staff are all working to make things go as well as they can in the Jr. High. Students are taking care of teacher assigned detentions in a timely manner. Students and teachers are involved with the learning processes. Math, Science, and Reading tutorials are being held and targeted students are attending.

Respectfully submitted,

George T. "Stoney" Burks
Brackett Jr. High Principal
