Vote

Panel	For	Against	Abstain	Reason
Baldwin	x			The request is reasonable and will improve school processes through greater efficiency.
Kremers	x			I approve the request. They are performing well academically, and this merge is intended to improve efficiencies for finance and operations.
Newton	X			I have no concerns.
Rogers	X			I have no concerns.
Williams	X			I have no concerns. This merge brings the Bentonville campus administratively in line with the other Haas Hall campuses. The Bentonville campus is the 8th high school in the nation.
Pfeffer				Chair I would recommend the charter come in and update the panel on it's progress and new goals for combined charter prior to renewal
