- Continuation/Renewal
- Mandated Action

**Item Purpose:**

- Information
- Recognition
- Student Learning & Support
- District Business & Operations
- Board Policy & Compliance
- Other \_\_\_\_\_

**Submitted By:**

Kimberly Smith

**Background Information:**

In-use by Frisco ISD elementary teachers, students, and parents since 2018, SeeSaw is an online platform that allows students to showcase their learning through uploads, videos, drawings, and voice recordings. In 2025-2026 over 236,000 of the over 635,000 students posts were multi-modal! SeeSaw fosters strong family engagement by giving parents access to their child's learning experiences through the SeeSaw app. In 2025-2026 This connection helps families stay informed, celebrate achievements, and support learning at home. Teachers benefit from easy-to-use tools to create and assess personalized activities, while students are empowered to express their understanding in personalized ways. With its emphasis on communication, transparency, and student voice, SeeSaw strengthens the partnership between home and school, creating a more connected and supportive educational experience. SeeSaw is a secure, FERPA- and COPPA-compliant environment that ensures user privacy.
