FROM: Andy Barrett
RE: Textbook and Resource Adoptions for 2020-2021
DATE: May 11, 2020

Attached you will find the list of textbooks and primary resources recommended for adoption for use beginning in the fall of the 2020/2021 school year. These resources have been reviewed as part of a rigorous evaluation process conducted by our faculty and administration and will either replace aging, outdated resources or support students in new courses or content areas.

Please note that this year, given the unique nature of the Covid-19 pandemic and the Governor's stay-at-home order, these resources were displayed virtually. A section was created on our district website and a link with additional information was provided for each resource. These resources have been on public display for the requisite amount of time and approval is recommended.
