EE2.3
Professional development activities for all staff (principals, teachers, and paraprofessionals) are aligned to ensure continued growth in content knowledge as well as in effective instructional delivery. (3169)
We meet this fully with our Horizontal and Friday Late meetings.
 - ii. District and School Structure and Culture DSC1.4
School staff identify students who need additional learning time to meet standards and provides timely and effective programs of assistance. (3164)
Area of growth. Addressing Student's needs. On our way to meeting this fully by the end of the year. Advisory needs the wheel to be all grade level specific next year so we are looking into that. Teachers need tutor time as well as testing time.
 - b. 21st Century
 - i. New classes started in March
 1. See [website](#) for new classes.
 - c. Library
 - i. We have a check coming for \$67.00 from box tops. I have a class competition for box tops coming up. That really helps bring the money in. Our 3rd book fair is May 23-27. Buy one get one free. The point is to get a book in every student's hand for the summer. The library has over 1,700.00 of scholastic money to spend. We have fun completing series and adding to our Non-fiction section. We have added hundreds of new books this year. I am organizing the class novel sets. Some of the sets only had 11-15 books. The other schools in the district had full sets, so I transferred the books to them. That is making the other librarians very happy. Susan
