B. Enforcement of Alcohol Laws In-district

District Administration recently has received a number of complaints from citizens in regard to the presence of alcohol on District property, particularly at football games. Chief Fred Collie and his staff along with assistance from Parker County have communicated to the public the District strict enforcement of this concern.

In order to enforce the legal prohibition against possession of alcohol on District property and to set a positive example for students, the District will rigidly enforce the existing statutes and will refer for prosecution any individuals found to be in possession or under the influence of alcohol or any other restricted substance.
