Admission of Non-resident Students

ACTION REQUIRED

Interdistrict Transfers

Interdistrict transfers (commonly referred to as IDTs) are student transfers between school districts. The local school district, by board action, determines the number of students it can accept from outside the district using interdistrict transfer. Districts may decide to admit no students, any student who requests a transfer or set a limit on the number of students that will be admitted. Currently the district allows IDT students to continue their schooling with the district until graduation unless they withdraw from school. IDTs can be revoked by the receiving district for any of the following reasons: the student shows a pattern of violating school rules and regulations; the student has irregular attendance or chronic tardiness; or any information on the request is falsified. The sending district does not determine the length of time for which consent is given.

The following numbers accommodate every IDT request received to date. The District may consider additional IDT openings in August, after registration is completed for all North Bend resident students, as space allows.

Intra District Transfers (School Choice)

The Intra District Transfer process (referred to as INTRAs or sometimes “The Lottery”) is the school choice process for requesting the school within the district for which you are not zoned. This only applies to transfers between the two elementary schools - Hillcrest and North Bay. The drawing for the placement order will take place in mid-June with decisions on placement at a later date.

Recommendations for Board Action

The Superintendent recommends the board accept the following numbers for non-resident student admission for each grade level:

Kindergarten	19	Sixth Grade	20	Ninth Grade	50
First Grade	5	Seventh Grade	20	Tenth Grade	25
Second Grade	5	Eighth Grade	20	Eleventh Grade	25
Third Grade	5			Twelfth Grade	25
Fourth Grade	5				
Fifth Grade	5
