

Minidoka County School District
Superintendent's Report
June 17, 2019

Correspondence

- **Grins on the Go** – We just received a letter from Delta Dental outlining the results of the Grins on the Go clinic held at West Minico last October where they screened 75% of the students in the building. Please contact me for more information.

Information/Updates

- **Boys & Girls Club of the Magic Valley in Rupert Expanding** – We met with representatives from the BGCMV and discussed the expansion of their program. We had a very successful retirement reception on May 16. There were many staff recognized. When it was all added up there was over 460 years of service represented by those retiring. We give our heartfelt thanks to them for their many years of service to the District and to our children!
- **Open Teaching Positions** – We have filled most of our teaching positions. Currently our only certified positions are a MS SpEd teacher, HS English teacher and 0.75 FTE Advanced Opportunities Assistant.
- **Idaho Mastery Education Conference** - I attended this conference along with two other administrators and two teachers. It was very eye-opening to hear how other schools are implementing this alternative to seat time requirements for students. We will be joining the state team to find out more about this way for assessing student learning.

Meetings/Activities

- **Staff/Building Visits:**

I attended our graduation ceremonies, the Mt. Harrison Senior celebration dinner as well as their end of year BBQ, and the Transportation BBQ the last day of school.

We had a very successful **Admin Team Retreat** June 7 where we discussed the importance of developing a positive culture in our buildings. We also spent some time volunteering at the Humanitarian Center in Rupert.

- **Committee/Community Meetings:**

I attended the Region IV Development Association Board meeting June 6 in Twin Falls. I represent K-12 on the board.

District Happenings

- **Elementary** - Here is a sampling of some of what has been happening in our elementary schools:

We had a Kindergarten Graduation at Rupert Elementary and numerous field trips the last week of school.

Upcoming Events
