SCHOOL BOARD MEETING REPORT

Board Meeting Date: March 15, 2023   **Superintendent:** Dave Valenzuela

Administrator/Staff: Saunders

Type of Item: [X] *Informational*   [ ] *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

Securly is our current solution for internet filtering. We have appreciated the partnership with Securly for the past 4 years. There will be a short description of the services that securly provides for TRSD students, staff and parents. I will also introduce our representative that we work with from Securly and they could answer any questions if needed.

Provide history/background information on your proposal:

We began our partnership with securly as we discovered the capability with our existing, open source filter did not give us the tools that we needed. Over the years we have added in additional features beyond just internet filtering. We been piloting their classroom management solution that allows the teacher to monitor all student devices in their classroom and extend extra control to those student devices. Filter 24 allows real time 24-7 monitoring of all activity by students on our network to identify bullying, self harm, suicide etc. We are hoping to expand the use of our securly home which is our parent console. No internet filter is flawless and having parents engaged in their students internet activity is a great way to support the school.

List the advantages of your proposal:

n/a

List possible disadvantages of your proposal:

n/a

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

n/a

Superintendent's recommendation(s):   **Approve:** Yes [ ]   No [ ]
