Re: TASB Policy Update 116

TASB Update 116 has revised both legal and local policies to align with administrative code rules or legislation that becomes effective as of January 1, 2021. There is no Board Action required for legal policy changes, however, these policies reflect the ever-changing legal context for governance and management of the district.

The local policy updates include the dismissal appeal process for employees, cyber security training, student medical treatment and community conduct while on school district premises. The suggested revisions were provided to the Board prior to tonight's meeting for review. Additionally, each department that would be impacted by any change has had the opportunity to review the changes, give feedback and approve the policy updates proposed by TASB's legal consultants.

RECOMMENDATION: Board approval of TASB Update 116 local policy revisions as presented is recommended.
