

Board of Education

ACTION

TITLE: Consider Approval of Resolution Concerning School Election

DATE: March 13, 2023

RESPONSIBLE ADMINISTRATOR: Terry Morawski, Ed.D.
Superintendent

BACKGROUND/CONSIDERATIONS:

For efficiency and cost reduction, when there are no board members on the school election ballot and the only issue for consideration is the local tax rate, the Board can request that the Sebastian County Board of Election Commissioners conduct the annual school election by absentee ballot and early voting only, no polling places will be open on election day; May 9, 2023.

RECOMMENDATION:

The administration recommends that the Board consider approving the resolution as attached.

If the Board agrees, the motion would read: *move* to adopt the resolution to conduct the annual school election by absentee ballot and early voting only, with no polling places open on election day.
