

## FPC Allen Campus Board Report February 2026

- Danika Hutson visited campus on January 28<sup>th</sup> to provide business office training for the Allen Campus team. We appreciate her taking the time to come on-site and deliver valuable instruction on the payment plan system as well as on student payment processes in general.
- The new CDL skills training and testing pad was approved by the state on February 3. All CDL and bus testing is now being conducted on the new pad.
- Perryton High School (PHS) held pre-enrollment meetings for incoming sophomores, juniors, and seniors on February 4th. Karen Metzger, Monica Hernandez, and Rene Schwalk attended to help promote dual credit offerings available to students through FPC. As a part of pre-enrollment, PHS hosted Parent Night on February 5th to educate parents on student high school requirements and opportunities available to students.
- Cassi Laxton attended the PHS CTE Advisory Board Meeting and the CTE Fair for incoming freshmen for the 2026–2027 academic year. The purpose of this event was to assess PHS’s CTE programs and ensure they provide high-quality education and hands-on experiences that prepare students for future pathways, including on-the-job training, trade school, community college, military service, or university study.
- The PHS and FPC welding programs are collaborating on a special project for the Museum of the Plains. Student welders are fabricating components for a new exhibit, Habitat, a DIY exhibit being rented from the Smithsonian. The project includes both metal and aluminum welding elements, allowing participation from dual credit and college-level students.
- The Allen Campus will proudly host its first GED graduation ceremony on February 21 at 2:00 p.m. Four students will be honored for reaching this important milestone. A brief ceremony followed by a small reception is planned to celebrate their hard work and achievement.
- Students, faculty and staff celebrated Valentines on campus by decorating boxes and exchanging goodies.
- Ochiltree General Hospital celebrated their phlebotomists during Phlebotomy Week in February. Five of the six Phlebotomists pictured were FPC students! Ten new students started this program in Perryton this month.
