

**SUBJECT:** Consideration and possible approval of the 2024-2025 Texas Education for Homeless Children & Youth grant award in the amount of \$63,356.

**BACKGROUND:** Pasadena ISD received a 2024-2025 Texas Education for Homeless Children and Youth (TEHCY) grant award from the Texas Education Agency. The grant will provide funding to support tutors/mentors, student transportation, and fees associated with homeless students attending Night School and Community School. Once the district's homeless population is identified, program support activities, including the assignment of tutors, are provided to the affected students. Support through TEHCY funding assists the district in eliminating barriers that prevent students from attending school and achieving their educational goals.

**FINANCIAL IMPLICATIONS:** Services described will be provided with grant funding.

**RECOMMENDATION:** We recommend approval of the 2024-2025 Texas Education for Homeless Children & Youth grant award in the amount of \$63,356.
