

The District shall at all times adhere to the bidding requirements for the procurement of goods and services, and for public works contracting and procurement, as set out in State law. No contract involving a public works project shall be let to any contractor who is not licensed as required by the laws of this State. The following guidelines shall be followed when making purchases and contracts for the District.

Public Works Contractor Licensure Requirements

A public works license is required for all contract work in the District of \$50,000 or over.

Exemptions from Public Works Contractor Licensure

The following projects do not need public works licensure:

- A single project construction, alteration, improvement, or repair less than \$50,000 with any number of trades.
- Any construction, alteration, or repair due to an emergency.

Public Works Construction Bidding

\$0 - \$25,000 No State bidding Requirements, three (3) quotes or bids required by the District.

\$25,000 to \$1050,000 Semi-formal bidding. Issue written requests for bids describing the work to at least 3 licensed contractors. Allow 3 days for written response; objections 1 day prior to bid. Keep records for 6 months. **Accept low bid; or reject all bids.**

\$1050,000 or more Formal bidding: Formal bidding has two options-~~Options A & B:~~

Category A – Open to all licensed contractors. Publication requirements. Written objections allowed. May request bid security/bond. **Accept low bid; or reject all bids.** See code for details. (IC 67-2805(2)(a).)

Category B – Open to pre-qualified contractors. After pre-qualification is determined, the bidding process is in the same manner as Category A. (IC 67-2805(2)(b).) Publish bid notice at least two weeks in advance of bid opening. Make bid specifications available; written objections allowed. May request bid security or bond. Can reject all if able to purchase more economically in the open market.
