Division:

Subject: Class Size Waivers

Background Information:

- The Texas Education Agency requires school districts to conduct a class size enrollment survey for prekindergarten through fourth grade and submit a request for exception for classrooms that exceed the class size of 22 students per teacher.
- Results of the survey indicate that the district has 13 campuses with 32 classrooms exceeding 22 students per class.
- If approved, the campus will provide the required written notice of the state granted exception to parents.
- The increase in the number of waivers requested is in large part due to the teacher shortages across the State of Texas and the country.

Administrative Consideration:

- Historical summary of class size waivers:

YEAR	NUMBER OF CLASS SIZE WAIVERS
2014-2015	74
2015-2016	18

TOTAL: 13 campuses and 32 waivers		

Recommendations:

- Approve class size waivers.

Timeline/Report:

- If approved, the campus will provide the required written notice to the state granted exception to parents no later than 31 days from the approval date.
- Subsequent classrooms exceeding the class size limit of 22 students will not require further action by the Board of Trustees, but all guidelines for submission and parent notification will be followed. If there are any further classes requiring waivers, that information will be provided to Trustees throughout the year.
