

Dr. Cox, Mr. Arritt, and school board members,

The senior class and the senior class advisors of Mt. Harrison High School are asking for the opportunity to fund raise for our senior class trip. We are not quite sure where we would like to go next May 2017 because location will be dependent on the amount of money that is raised. Last year, the senior class went to Lagoon with Minico's senior class. We were looking at other opportunities to explore around Idaho, but we may still end up going to Lagoon. If MHHS were to go to a different location, we would need \$1000 just for the bus cost plus whatever the cost of the activities at the location. If MHHS were to go to Lagoon with our sister school Minico, We have the cost of \$60 per graduated senior. We expect at least 40 of those students to meet the graduation requirements by May of 2017. The expected cost of the Lagoon trip is expected to be a minimum of \$2,400. Our students are working hard to graduate and we would love to give them an amazing memory to leave Mt. Harrison with.

Thank you,
